Hoops Mania 2

Hoops Mania 2 provides players with an innovative spin on the classic coin pusher, the closed loop pusher where players must aim the coins into the basket holes.

The two-player Hoops Mania 2 is a funky and vibrant experience to brighten up any entertainment space.

It is presented with bright colours, eye catching, attractive cabinet with a commanding floor presence.

With thrilling ticket redemption functionality, the game sees players aim and shoot the coins into the basketball themed cabinet as they aim for bonus coins and super bonuses, a moving platform and targets such as the prize wheel, fighting to win high scores and tickets.

Accompanying the high-action gameplay is a barrage of visual and sound effects, immersing players in the action-packed basketball world of Hoops Mania.

Players and operators alike have ample opportunity to get the most out of their experience with the machine, affording players multiple opportunities to win big, for example through mega bonus scores, while operators have the flexibility to increase ticket and card pay-outs.

Collect all 7 different World Tour cards to win the mega bonus.

Bonus points available if they activate the bonus wheel by dropping a coin into the moving basket and one of the three lucky slots.
