John Wick Pinball

John Wick pinball games feature the world's greatest assassin.

Created in collaboration with Lionsgate, players will experience the thrilling and action-packed billion-dollar grossing John Wick franchise with film-inspired mechanical features and artwork alongside Stern's all-new dynamic AI combat system.

John Wick pinball machines are available in Pro, Premium, and Limited Edition (LE) models.

In Stern's John Wick pinball games, players step into the role of the world's greatest assassin as he fights to escape his past.

As the titular character, players can engage in high-speed car chases and fast-action drifting across the playfield, which incorporates models and artwork inspired by iconic locations from the franchise, including the New York Continental Hotel and the Red Circle Club, all set against a dramatically edge lit New York City skyline.

Players can also open John Wick's weapons crate to reveal a hidden shot target path to retrieve an array of weapons. Players must use the sculpted Blood Oath Marker carefully – or risk the consequences.

Players need to survive other assassins, complete jobs for the legendary Factions of the High Table, and eventually take on John Wick's "Special Assignment!"

To raise the stakes, John Wick pinball introduces Stern's all-new dynamic AI combat system, an innovation that brings the frenetic combat of the legendary films to the game.

The Stern team has created a primitive video game AI system to control the enemy lights on the playfield, setting the John Wick pinball games apart from prior pinball machines, where all lights were controlled by player actions, timers, and random number generators.

Dimensions

Height: 191cm
Width: 69cm
Depth: 140cm

Weight: 114Kg

Additional information

Category: Pinball

Manufactured by: Stern Pinball
